

Product Change Notification

TE Connectivity

Product Change Notification: P-16-013861

PCN Date: 15-NOV-16

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
Plating Change

Description of Changes
TE Connectivity (TE) is informing customers that due to unforeseen manufacturing difficulties the 1456958 Generation Y duplex tin and silver plated terminal series must revert back to the original selective silver plating. TE has reviewed this issue with several OEM's who agree with this direction. This PCN is to notify customers purchasing the 1456968-X of a running change being implemented only after TE has documented Customer approvals.

Reason for Changes:
Product improvement. Ensure TE continues to meet current and future customer deliveries with improved production throughput by removing the manufacturing difficulties associated with duplex tin and silver plating.

Estimated Dates:

Last Order Date (Obsolete Parts Only):	First Date To Ship (Changed Parts Only):
	02-DEC-2016
Last Ship Date (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):
	28-FEB-2017
