## CHARACTERISTICS

ω

BASIC SERIES:

SHELL SIZE : 25

PLATING : S = Nickel

Н

SHELL TYPE : Square Flange Receptacle

CONTACT TYPE : Standard Crimp Contact

-Standard : Based on MIL-DTL-38999 Series III

|   | -Shell Material                     | : Stainless Steel                      |  |  |
|---|-------------------------------------|--|--|--|
|   | -Shell Plating                      | : Nickel                               |  |  |
|   | -Insulator                          | : Thermoplastic                        |  |  |
|   | -Contacts                           | : Copper Alloy                         |  |  |
|   | -Seals & Grommet                    | : Silicon Elastomer                    |  |  |
| N | -Contact Plating                    | : Gold over copper Alloy 0.8µm minimum |  |  |
|   | -Durability                         | : 500 Mating cycles                    |  |  |
|   | -Delivered without Souriau contacts |  |  |  |
|   | -Temperature Range                  | 65°C to +200°C                         |  |  |
|   | -Salt Spray                         | : 500 hours                            |  |  |
|   | -Mass                               | : 89.03 g ± 10%                        |  |  |
|   |                                     |  |  |  |
