**Product End of Life Notice**  
CUB1 to CUB7 Counter Comparison

**Introduction**  
The CUB1 was introduced in 1982 as one of Red Lion's first counters – an innovative alternative to existing electro mechanical counters. With over 30 years of sales, many customers continue to use the product today. In 2009, we launched the CUB7 counter as the new and improved replacement. It features all plastic construction, a built-in battery, DIP switch programming, and a better price. Despite its continued value, given the availability of critical parts and the CUB7 counters' compelling advantages, it is necessary to discontinue the CUB1 counter.

**Timing**  
Red Lion Controls intends to honor the standard warranty obligation for this product when ordered and delivered in accordance with the following transition schedule:

- March 2017**  
Announcement of Product Discontinuation
- September 30, 2017\***  
Acceptance of Last Time Buy Orders Ceases
- December 31, 2017\***  
Final Shipments of CUB1 counters

**March 2017**

- Announcement to customers
- Red Lion begins accepting non-cancellable, non-returnable last time buy orders
- Orders may be scheduled for delivery between March 2017 and December 31, 2017

**September 30, 2017**

- General availability of CUB1 counters ceases
- Acceptance of last time buy orders concludes

Customers should take this opportunity to investigate transitioning to our suggested replacements. To help with this, we have created documents which explain the situation and provide additional detail on the differences between the discontinued product and the suggested replacement.
