Subject: Product Termination Notification MLX80105KLQ-DAA-RE

We regret having to inform you that Melexis intends to stop production of above-mentioned product as we have a newer silicon version already available. You can replace the above product with the pin and functional compatible version of it - MLX80105KLQ-EAA-RE.

To aid this transition, Melexis will still accept regular orders of above-mentioned products till 31.12.2017, under the condition that it is still possible to have them produced. By then we expect a final all-time buy order for delivery until 30.06.2018. Hence, we are providing you with a transition period of 18 months.

Your orders will be non-cancelable and non-returnable. Current payment terms and shipment terms remain applicable.

The devices received from Melexis may be stored for a period up to one year in their unopened original packing at room temperature without the use of additional special precautions.

For logistical follow-up and assistance with your orders, please contact your main contact at Melexis, Vicky Cools, Customer Relations.

Sincerely,

Michael Bender
