Connector Assembly Tooling for Aerospace and Telecommunication  
Ultra Precision Medical Crimping Tools

Y59/630000

Astro Tool has replaced our part number 630000 with part number Y539. We feel this replacement will better serve our customers because the Y539 is qualified to and marked with the M22520/5-102 military specification.

If you require additional information, please feel free to contact me.

Regards
