Re: Obsolescence of PFH05W-001-EVK-S0 PFH500F evaluation board (no module)

Dear Valued Distributor,

The evaluation board is an essential tool for getting the PFH500F AC-DC power modules designed in to a Customer's system. Initially TDK-Lambda offered the PFH05W-001-EVK-S0 evaluation board without a module pre-installed.

To streamline the customer experience, we are replacing that one part number with a line-up of six boards. These will come with the required PFH500F power module and the heatsink pre-installed. This will enable an Engineer to immediately start testing and characterizing the power module.

We are therefore ceasing the sale of the part number PFH05W-001-EVK-S0 effective August 28<sup>th</sup>, 2020.

Two boards have already been introduced for the PFH500F-28 module, and four more will be announced over the next few weeks, when TDK-Lambda releases the PFH500F-12 and PFH500F-48 modules.

STATUS	PART NUMBER	DESCRIPTION
EOL	PFH05W-001-EVK-S0	PFH500F Evaluation Board (no module)
ACTIVE	PFH05W28-100-EVK-S1	PFH500 Evaluation Kit with PFH500F-28-100-R (28V) Module
ACTIVE	PFH05W28-1D0-EVK-S1	PFH500 Evaluation Kit with PFH500F-28-1D0-R (28V) Module
NEW	PFH05W12-100-EVK-S1	PFH500 Evaluation Kit with PFH500F-12-100-R (12V) Module
NEW	PFH05W12-1D0-EVK-S1	PFH500 Evaluation Kit with PFH500F-12-1D0-R (12V) Module
NEW	PFH05W48-100-EVK-S1	PFH500 Evaluation Kit with PFH500F-48-100-R (48V) Module
NEW	PFH05W48-1D0-EVK-S1	PFH500 Evaluation Kit with PFH500F-48-1D0-R (48V) Module
