

# Product Change Notification

## TE Connectivity

Product Change Notification: P-21-020501

PCN Date: 22-FEB-21

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

**General Product Description:**  
6POS MQS REC

**Description of Changes**  
During the production we have faced with a big quality risk of the product family 1241370. The boxes are highly overloaded, so when the operator try to close, they need to shake and than it is still hard to close. We will implement a new, safer packaging qty (6000) to avoid any damages on the part. The change may cause some problem during the following weeks, with the ordering, due to reason of the PPQ/MOQ change, we would ask for you patience in advance. The change was initiated only to protect our customers to getting NOK parts.

**Reason for Changes:**  
Product improvement. Currently we pack 6500 into one carton box, from the next purchase order we will decrease the quantity in one box to 6000.

**Estimated Dates:**

<b>Last Order Date (Obsolete Parts Only):</b>	<b>First Date To Ship (Changed Parts Only):</b>
	23-FEB-2021
<b>Last Ship Date (Obsolete Parts Only):</b>	<b>Last Date for Mixed Shipments: (Changed Parts Only):</b>
	31-MAR-2021
