

Blind cover for appliance outlets

new

type F

type J

Key

See below:
[Approvals and Compliances](#)

Description

- In most cases, there are more socket outlets than loads in appliances such as power distribution units (PDU). In order to prevent a phase overload, individual outlets can be blocked with the blind covers BC320. The covers mount on individual outlets just like a plug and mate with designed to fit standard outlets, type F or J according to the IEC 60320. The covers are tamper resistant and can only be removed with a special tool/ key
