

Technical Data Sheet

USB 2.0 20-Port Industrial High Power Charger Hub 1.1A

Model Number: USBG-20XU1

USBG-20XU1 is a 20-port USB Hub with Charger, a smart solution for charging or sync of several iPads, iPhones, iPods and USB charging devices operating simultaneously. This is a perfect tool to eliminate the jumble of wires and chargers and also is ideal for large capacity USB station in-house for automated duplication tasks. Places such as school's class room, businesses conference or meeting in organizations.

Features

- Compliant with USB specification revision 2.0
- Charges and syncs up to 20 iPads, iPods, iPhones or other USB-charged in charge mode.
- 150W high capacity power adapter and cord supporting self-power.
- Charge virtually any other device that can be charged through a powered USB port.
- Supports High Speed 480Mbps, full speed 12Mbps and low speed 1.5Mbps operation.
- Over-current detection and protection / Surge & ESD Protection.
- Extend up to optimum 40 USB devices by connecting cascade port with other USB 2.0 charge hub(s).
