Planned Implementation Date	June 15, 2021		
Method of Identifying Change	No special marking on the product or packaging		

Before Change

After Change

- 16A turned crimp contacts – dimension update

Overview:

- This document is to inform you that Molex HDC is going to update the dimension of the outer diameter of the 16A turned crimp contacts to standardize the process and upgrade the mechanical characteristics.
- This implementation will ensure a better performance of our product.
- The pictures on the left represents the involved products and the area which will be impacted.
- See attached the impacted parts list.
- The change will slightly affect fit & form (dimension) of the product. The function of the product won't be impacted.
- Qualification Reports and samples will be available upon request after the date shown above.
