

Topic:	EOL MTi-10-xA8G4-DK, MTi-20-xA8G4-DK
Author:	Product Management
Date:	March 2020

1 Purpose

This is a notification to all customers that Xsens will officially implement an End of Life (EOL) for the development kit for MTi-10 and MTi-20 as described in Section 2. The milestones and dates are mentioned in Section 3.

The MTi 10-series has effectively been replaced by the new MTi 600-series. The MTi 600-series is comparable in performance but more attractively priced compared to the MTi 10-series. In the course of 2020 the MTi-600 series will be expanded with products with robust housing.
