Re: Obsolescence of DIN-01 DIN rail bracket

Dear Valued Customer / Partner,

TDK-Lambda obsoleted the HWS15 and HWS30 series in 2015. The corresponding DIN rail bracket, part number DIN-01, is now also obsolete.

The form, fit, function replacement part number is DIN-01A. This bracket is also suitable for use on the HWS15A and HWS30A power supplies, with an extra hole for mounting RWS50B power supplies.

Please contact our technical support for additional information. 1-800-526-2324 or email [lambda.techsupport@us.tdk-lambda.com](mailto:lambda.techsupport@us.tdk-lambda.com)
