

Issue Date: August 6th, 2019

Dear Valued Customer,

This notice is to inform you of the obsolescence items that you have purchased from Littelfuse.

Description of the Change:

- Littelfuse will obsolete and no longer support production of the below finished goods:
 - 71016-20
 - 71042-06
 - 71066-05

Reason for The Change:

- These are very mature products that have seen sharply declining volumes in recent years, and as such, one of our suppliers will no longer make components necessary for Littelfuse to continue production.

Effective Date of the Change:

- August 6th, 2019

What You Need to Do:

- We have procured remaining stock of affected components and will work to fulfill finished good demand as we are able; existing orders can be modified as needed.

Unfortunately, Littelfuse is unable to offer alternative products as effective replacements for these parts. If you have any questions, please contact your Littelfuse Customer Service Representative or your Inside Sales Representative. We appreciate your business and continued partnership.

Sincerely,

Zachary Naughton
Global Product Manager
Littelfuse Commercial Vehicle Products
