

Product change notification for Acconeer product XM122

PCN Issue Date: 8th of March 2021

Description of Change

Acconeer AB announces a product change notification for the product XM122.

The antenna switch (Coaxial Connector with Switch, Murata:MM8130-2600) will no longer be mounted on the XM122, removing the option to use external antenna. The transition is expected to begin during June 2021.

The datasheet, XM122 IoT Module Datasheet v2.2 will be updated in relation to this PCN.

Reason for Change

The reason of this PCN announcement is that the antenna switch cannot be delivered from the supplier as needed. This PCN is in compliance with JEDEC standard J-STD-046.

Customer response

Lack of acknowledgement of the PCN within 30 days constitutes acceptance of the change, Ref. JEDEC-J-STD-046. To request further data or inquire about this notification, please contact either your Acconeer AB sales or customer support representative.

We apologize for any inconvenience that this may cause. If you have any questions, please contact either your Acconeer AB sales or customer support representative.

Sincerely,

A handwritten signature in blue ink, appearing to read "Magnus Hansson".
