Product Change Notification: E-19-018561-C

PCN Date: 21-JUL-21

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

520935_HOUSING, RECPT, POSITIVE- LOCK & STANDARD FASTON, .250 SERIES, MKII

Description of Changes

Due to the global market shift from UL-V2 resins to UL-V0 resins, TE will be consolidating resins globally eliminating UL-V2 housings and offering UL-V0 alternatives in response to this shift. All new UL-V0 alternatives will meet or exceed the performance levels of the UL-V2 housings being replaced. The following part numbers: 520935-1, 520935-2, 520935-4, 520935-5, 520935-6 and 520935-7 is being superseded by 1-520935-1, 1-520935-2, 1-520935-5, 1-520935-6 and 1-520935-7 respectively. 520935-3 is being obsoleted. In effort to make the transition from V2 to V0 as easy as possible, we are modifying the brown resin to more closely replicate the darker brown that customers were accustomed to using V2. The new V0 brown will also be a dark brown vs tan. Other Part numbers are being revised to match revision with drawings.

Reason for Cancellation:

After further consideration, the V2 resin will remain active to continue giving customers an option especially as we navigate through global resin shortages.
