

Product Change Notification

PCN-IFC-4741-2020

Business Unit	Product Line Code	Type of Change	Action	Date of Issue
IFC - Industrial Field Connectivity	BF1	Product Change Notification	Notify Distributors and Field	2/21/2020

The following Phoenix Contact products have been modified. Existing specifications will be met or exceeded. Please review and acknowledge this document and inform your personnel as needed.

Description for Product Change Notification

The Speedcon (SCO) coupling nut for M12 will change to a full thread version on all products. All M12 products in the Phoenix Contact North American catalog will change and no longer feature a quick-connect, 1/2 turn coupling nut option.

M8 products will remain unchanged with a full thread coupling nut.

In addition, all products listed that previously included a flag label for approvals and product identification will be replaced with ink jet print directly onto the cable jacket. Please review the attached photos for more detail. Due to this printing change, ink color will change according to the attached table.

All technical data for the full product list remains unchanged, and UL listing of the product remains unaffected.

Stock Status

Can existing stock still be used?	Yes
Is mixture of stock acceptable?	Yes

Transaction Dates

Date modification goes into effect from Germany:	1/3/2020
Expected first shipment (from Phoenix Contact) of the modified products(s):	1/3/2020
