

End of Life (EOL) Notice

28th August 2019

To our Valued Customers:

As Laird Connectivity expands and enhances our RS1xx portfolio of Sentrius LoRa Sensors with External Connector Port, additional future configurability can be provided by realigning some part numbers and our existing external temperature probe specification.

As a consequence of this, **the following 4 part numbers** have been made EOL but are being directly replaced by alternative options, as outlined below:-

Discontinued	Description	Alternative / Replacement
455-0009	Kit, Sentrius RS191 Sensor, DC-DC, Ext Port W1, NA, 915MHz	455-00070
455-0010	Kit, Sentrius RS186 Sensor, DC-DC, Ext Port W1, EU, 868MHz	455-00069
455-0011	200mm SS Temp Probe, 6.35mm OD, 1320mm Length	455-00036
455-0011B	200mm SS Temp Probe, 6.35mm OD, 1320mm Length – BULK	455-00036B

Laird will no longer include the cabled temperature probe within the Sentrius RS1xx individually boxed 'kit'.

The **probe should now be ordered separately as an accessory**, either individually or in bulk boxes (there are 50 probes per qty. 1 bulk carton).

Example:

Where previously a customer order may have been;

Part Number Qty Description

455-0009 100 Kit, Sentrius RS191 Sensor, DC-DC, Ext Port W1, NA, 915MHz

The same order would now need to be;

Part Number Qty Description

455-00070 100 Sentrius RS191 Sensor, DC-DC, Ext Port W1, NA, 915MHz

455-00036* 100 213mm SS Temp Probe, 6.00mm OD, 1320mm Length

In addition, the probe design itself has been enhanced by adding to the stainless-steel shaft length, now 213mm (previously 200mm), as well as reducing the overall diameter, now 6mm (previously 6.35mm).

This change will be implemented in Q3 2019 and a supporting Product Change Notice (PCN) has been issued to cover this, reference PCN #:8B-2019 Date 28/8/2019.

Optionally, Laird is pleased to offer a last-time buy opportunity to customers for the part numbers referenced above. The last time buy (LTB) purchase orders must be placed by **September 30th, 2019**. Last time buy purchase orders are non-cancellable, non-returnable (NCNR) and all units must be shipped from Laird by **September 30th, 2019**. **Alternatively, the new parts numbers can be ordered with immediate effect.**

We apologize for any inconvenience that this may cause. If you have any questions, please call your normal sales representative or one of our regional contact numbers below.

Sincerely,

A handwritten signature in black ink that reads "Chris Boorman". The signature is stylized and cursive.
