*The following Phoenix Contact products have been modified. Existing specifications will be met or exceeded. Please review and acknowledge this document and inform your personnel as needed.*

#### Description for Product Change Notification

To better align our processes, we will begin using the same strain relief material from the PC5 connector family on the PC16 connectors. The strain relief material will change from blue chromated steel to stainless steel. There will be a slight difference in color as a result of this change. The technical details of the connector does not change. Depending on the availability of local inventory, this change is expected to take place beginning June 7, 2021.
