- PCN#508183 – Lever for Plastic «32x13» Hoods/Housings

Impacted products

Change

Overview:

- This document is to inform you that Molex HDC is reviewing the lever for "32X13" plastic hoods/housings.
- The hole has been enlarged with the purpose to upgrade the mating performances of the product.
- The picture on the left represents the involved parts. The picture on the right details the change.
- See attached the impacted part list.
- This change will slightly impact the form of the product and will upgrade fit & function.
- Qualification Reports and samples available upon request after the date shown above.
