## 3RV2031-4TB15

Circuit breaker size S2 for motor protection class 20 A-release 12...17 A N-release 260 A screw terminal Standard switching capacity with transverse auxiliary switch 1 NO+1 NC  $\,$ 

| product brand name   | SIRIUS               |  |  |
|--|----------------------|--|--|
| product designation  | Circuit breaker      |  |  |
| design of the product  | For motor protection |  |  |
| product type designation   | 3RV2                 |  |  |
| General technical data   |                      |  |  |
| size of the circuit-breaker  | S2                   |  |  |
| size of contactor can be combined company-specific                                     | S2                   |  |  |
| product extension auxiliary switch   | Yes                  |  |  |
| power loss [W] for rated value of the current  |                      |  |  |
| <ul> <li>at AC in hot operating state</li> </ul>                                       | 14.5 W               |  |  |
| <ul> <li>at AC in hot operating state per pole</li> </ul>                              | 4.8 W                |  |  |
| insulation voltage with degree of pollution 3 at AC rated value                        | 690 V                |  |  |
| surge voltage resistance rated value   | 6 kV                 |  |  |
| shock resistance according to IEC 60068-2-27   | 25g / 11 ms Sinus    |  |  |
| mechanical service life (switching cycles)   |                      |  |  |
| <ul> <li>of the main contacts typical</li> </ul>                                       | 50 000               |  |  |
| <ul> <li>of auxiliary contacts typical</li> </ul>                                      | 50 000               |  |  |
| electrical endurance (switching cycles) typical  | 50 000               |  |  |
| reference code according to IEC 81346-2  | Q                    |  |  |
| Substance Prohibitance (Date)  | 10/15/2014           |  |  |
| Ambient conditions   |                      |  |  |
| installation altitude at height above sea level maximum                                | 2 000 m              |  |  |
| ambient temperature  |                      |  |  |
| <ul> <li>during operation</li> </ul>   | -20 +60 °C           |  |  |
| <ul> <li>during storage</li> </ul>   | -50 +80 °C           |  |  |
| during transport   | -50 +80 °C           |  |  |
| relative humidity during operation   | 10 95 %              |  |  |
| Main circuit   |                      |  |  |
