Details of Change

Sierra Wireless herby announces the EOL of the BX3100 module from the Short Range portfolio.

Customers wishing to extend the life of a platform that has integrated the Sierra Wireless BX3100 have two options:

1. Purchase sufficient quantity of the BX3100 module before the last purchase date to support the projected life of the platform. Note that the possible LTB quantity is limited. Please contact your account manager for more details.
2. Integrate BX3105 ,Sierra's latest WiFi+Bluetooth module, which will continue to be supported.

Sierra Wireless will no longer support new integrations using the BX3100. These integrations should be done using the BX3105.
