

PRODUCT CHANGE NOTIFICATION

Date Issued: May 6, 2015

Product Identification: SI-xxxxx-x ICM Product Family

PCN Number: PC4160065

Reason for Change (s): In an effort to continually improve our product, Bel is pleased to announce a simple update to our unshielded ICM product family. The product marking on the parts will change from pad-printing to laser-marking as shown in the example below. Laser-marking is more permanent and environmentally-friendly process that does not require ink. This change will not affect “form, fit, or function”, nor does it affect any other dimensions or electrical parameters of the part. No other changes to the above series are being implemented at this time.
