## PCN1060 End-of-Life Notification CPC44055ST

March 12, 2018

To Our Valued Customers:

As part of our ongoing product lifecycle management process, IXYS Integrated Circuits Division (ICD) has transitioned the following product to an "End-of-Life" status. This decision was based on the review of historical unit shipment volume and product revenue performance.

The products targeted for end-of-life will be available for 90 days prior to being made obsolete. Attached are the details of the product obsolescence. The product identified for obsolescence is a voltage-controlled AC Power Switch

- CPC44055ST AC Power Switch SuperSIP Package, 13/Tube

IXYS ICD recommends the following popular device to replace the CPC44055ST:

- CPC40055ST AC Power Switch SuperSIP Package, 13/Tube

The CPC40055ST recommended replacement device has identical output specifications and package dimensions as the CPC44055ST. The difference is the input control signal to operate the device, the CPC40055ST is current controlled (5mA Control Current) as compared to the CPC44055ST which is voltage controlled (9 to 16V Input Control Voltage).

Any technical questions regarding the use of the recommended CPC40055ST, customers should contact our applications engineering department by means of our [Customer Service Request](#) web link or by telephone at: 1-978-524-6700.

Acceptance of last time buy orders is subject to product availability and at the discretion of IXYS Integrated Circuits Division. Every effort will be made to fulfill these orders. Purchased orders for these products will be considered non-cancelable, non-returnable (NCNR). If you have any questions concerning this End-of-Life notification, please contact your IXYS Integrated Circuits Division representative.

Sincerely,

Steven Andrezyk  
Director of Marketing

## **Part Change Notification**

---

The PCN number assigned to this change is **PCN1060** and should be referenced in any correspondence related to the change.

### **Products Affected**

CPC44055ST

### **Detailed Description of Change**

IXYS Integrated Circuits Division has transitioned the CPC44055ST device to an End-of-Life status.

### **Reason for the Change**

The End-of-Life decision is based on historical unit shipment volume and product revenue performance.

### **Anticipated Impact on Quality and Reliability**

Parts will be offered for last time buy until June 12, 2018.

### **Contact Information**

For any questions related to the PCN notice, please contact IXYS Integrated Circuits Division's Quality Assurance Department as indicated below:
