IIoT Product Change Notice

The change(s) will be applied on the affected products, if you need more information or special support, please contact the responsible PM of each product line.

1. Reason for the Change:

The current Audio IC 'ALC892-GR/CG' (Advantech P/N: 1410020328/1410020328-11) is out of production and the chip vendor Realtek stops supplying the component instantly at very short notice to Advantech.

This critical issue stems from the production capacities of wafer having been running short of demands worldwide in the industry, leading to Realtek's incapability of fulfilling the quantities of wafer required to produce the current Audio IC employed on TPC products.

As a result, 'ALC888S-VD2-GR' (Advantech PN: 1410021134) is to be added as a 2nd source to the original component instantly as a timely response, so to avoid the TPC products listed in this notice being unable to go into production.

2. Affected Product:

All-in-One TPC:

TPC-300 series, TPC-1x82, TPC-1273, TPC-xx81WP series and all related TPNs.

Modular Series TPC:

TPC-B510, TPC-B500, TPC-B200, TPC-5xx2, TPC-2xx1 series and all related TPNs.

Other TPC/SPC:

SPC-2140/1840, TPC-8100 and all related TPNs.
