

407D

Audio/Video Head Cleaner

407D is designed to provide optimal cleaning power while remaining safe for equipment. It efficiently removes greases, oils, carbon, static, dirt, and grim.

This product is used for cleaning components of VCR, CD, DVD, Blu-ray, magnetic backup systems, mini-video tape cameras, and mini-cassette players. It is also used for cleaning disk heads, optical tape drive lens, and magnetic tape heads.

CARB Category and Limit: Electronics Cleaner, 75%

Users in California and other states duplicating the California Air Resource Board's Consumer Products Program must dilute this product 3:1 by mass with either water or acetone before use.

Features and Benefits

- Safe on many plastics
- Zero residue
- Improves signal quality
- Static free
