

End of Life Announcement

Date June 13th 2022
No. 031-22

TRACO POWER TZL 150 series

To whom it may concern

Several components used for TRACO POWER [TZL 150 Series](#) (introduced 2004) have become impossible to source due to current component shortages, causing excessive delays and production stops.

In consequence, TRACO is forced to declare the immediate discontinuation **of all TZL 150 models.**

Affected customers may order from our remaining warehouse and distribution stock. They may also look for a TRACO POWER replacement at the dedicated category page [High Power Modules](#) on the TRACO POWER website.

For further assistance you may contact your TRACO POWER distributor or directly approach the [TRACO POWER Sales and Support](#).

We thank you for your understanding and apologize for any resulting inconveniences.

Simeon Tremp
Product Manager
