

Product Change Notification

TE Connectivity

Product Change Notification: P-21-021032

PCN Date: 09-JUN-21

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
Power F increase of Regrind usage

Description of Changes
Dear customer, due to the actual delivery situation with plastic material and various raised force majeure of resin suppliers we are forced to introduce a higher amount of regrind in the plastic components of our relays. This is a further step on TE's way to increase the sustainability of our products. In the first step we introduce this change for the covers and bases. This PCN is only for information purpose. There is no change in form, fit or function and no drawing change. An approval is not required. TE Connectivity Sales Team will answer your questions on any additional information or clarification that may be needed in that respect.

Reason for Changes:
Product improvement.

Estimated Dates:

Last Order Date (Obsolete Parts Only):	First Date To Ship (Changed Parts Only):
	01-JUL-2021
Last Ship Date (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):
	31-DEC-2021
