Substitution level:

- 1 = Package and characteristics are mostly same or better, not necessary to change other circuit to replace.
- 2 = Package and characteristics are mostly same or better, but some modification of the other circuit is necessary.
- 3 = Characteristics are same or better, but package/pin arrangement are different, so the other circuit modification is necessary.
- 4 = Other reason.

Discontinuation schedule:

See table – Please be aware that for some items no replacement or replacement items from competition are available.
