Reason for Change:

☐	Technical Requirement	☐	Product Transition
☐	Customer Requirement	☒	Product Discontinuation
☐	Quality Improvement	☐	Product Enhancement
☐	Change of Production Location	☐	Other (Brand Change)

Audience	Distributors Carrying Inventory of Select Digi XBee Cellular development kits. **INTERNAL ONLY. DO NOT PUBLISH.**
Reason for Change	Digi has recently re-designed select XBee Cellular development kits. The newly redesigned kits will replace the existing development kits to give a better customer experience using Digi XBee Cellular products. The EOL SKUs below will be end-of-life, effective immediately.
Action to Be Taken by Channel Partners	Due to the launch of the new development kits, Digi is requesting channel partners to RMA the existing inventory of old kits (see EOL Kit SKU column below). The old development kits will then be reworked and will be available to be shipped back to the supplier in the form of the new development kits. Please return all inventory of old kits to Digi for rework. Then place offsetting order for the new SKUs. Please work with the channel sales team for any additional questions.
