Re: Obsolescence of LEDC10-12-R48

Dear Valued Customer / Partner,

TDK-Lambda has pursued an aggressive new product launch program over the last several years, enabling us to offer new, leading edge products with smaller sizes and higher efficiencies.

In reviewing sales by series, TDK-Lambda is announcing a Last Time Buy notice for the LEDC10-12-R48 due to very low sales, the cost of safety file updates and availability of key components. There is no suitable alternative unfortunately.

TDK-Lambda recognizes that as a past or current customer of these products, you may require additional units for service spares. We are offering a last time buy opportunity until September 23rd, 2016, with a last time ship date of December 30th, 2016. Please understand that these orders would be non-cancelable and non-returnable.

Please contact our technical support for additional information. 1-800-526-2324 or email lambda.techsupport@us.tdk-lambda.com
