
Announcement of PMIC product status change

Our valued Distributors,

Thank you for your continued support.

We would like to announce here that the status of RP601Z is changed to “Non-Promotion products” due to the subcontractor that assembled this product has withdrawn from the WLCSP business and the product has to be discontinued. Please refer to the following information for details.

1. New “Non-Promotion products”

Category	Product Name
DCDC	RP601Z

2. What is “Non-Promotion products”?

- Production of these products is continued for the moment. (NOT discontinued now)
- These products will be discontinued in the near future. New adoption is not recommended.
- New purchase orders or sample orders will not be accepted.
- The former Ricoh Electronic Devices Co., Ltd. product "Non-Promotion products" corresponds to the former New Japan Radio Co., Ltd. product "Not recommended for new design products (NRND)."

Please also refer to the following discontinued products list on our website.
