Notice of Factory Location Change

Date: Dec 17th, 2013

Dear Value Customer,

Thank you for choosing KYOCERA as your LCD solution provider. We appreciate the opportunity to support your business.

1. Product

We would like to inform you of our LCD part number revision change for the following product
C-51505NFJ-SLW-AIN → C-51505NFJ-SLW-APN

2. Background

In order to better utilize each factory's capacity, we decided to move the first part of the panel production from our China factory to our Japan factory. Then it will be transferred to our China factory to finish into the final module. A part number revision level change is needed for our traceability and our production management.

There is no change in performance and the part will be form, fit and function the same. We apologize for the inconvenience we bring to you and hope you can support us on this transition.

3. Schedule

- New Spec release: Dec. 23rd, 2013
- Samples: Jan. 6th, 2014
- Booking order start date: Feb 1st, 2014

Thank you for your understanding and your cooperation in advance. If you have any question, please contact KYOCERA sales representative.

Sincerely yours,

KYOCERA Industrial Ceramics Inc
