

Product Change Notification

TE Connectivity

Product Change Notification: PCN-22-127011

PCN Date: 18-JAN-22

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
 Inline Cap Housing (2P) - New Manual Assembly Line

Description of Changes
 The Industrial and Commercial Transportation business unit of TE Connectivity is adding a new manual assembly line for Inline Cap Housing (2P) part number(s) listed below. These PNs are TE proprietary designs, therefore considered catalog/general market product. Level 4 PPAP will be provided upon request. Requests must be submitted within 14 days of PCN submission via iaict-ppap-request@te.com or ePPAP system. Submission will not occur without request. If PPAP requested, disposition response is required within 14 days of submit date or it will be considered approved. Product drawing(s) are not affected. Reason this change: - The new manual assembly line is necessary to increase production capacity. The added production line does not impact connector performance. IMPORTANT: No fit, form or function change. Parts off the new line are identical to current production. Shipments from current and new production lines may be mixed.
