

TE Connectivity

Product Change Notification: E-19-014617

PCN Date: 14-OCT-19

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

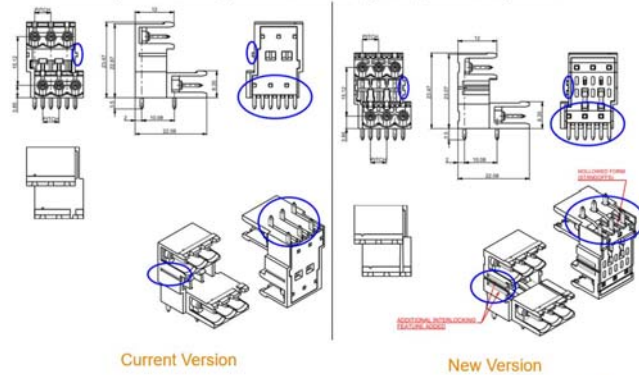

TERMINAL BLOCK HEADER ASSEMBLY, MULTIPLE, 90 AND 180 DEGREE, 5.0 mm AND 5.08 mm PITCH

Description of Changes

- Stand off is modified in housing (hollowed form shape). - Plastic material of the housing which are currently made of PA 66 changed to HIGH TEMPERATURE POLY AMIDE. - The modular version(284052) will now have dual interlock feature to ensure a more effective locking; this will no longer allow the interlocking between the new version and the current version. - Minor appearance difference in housing color tone from the current version due to change in plastic material to High temperature PA. - No changes in mat-ability, new version can be connected to the same types of female connectors. - Refer to attachment for detailed changes on the form of the housing. - The new version product can be easily distinguished from the current version through the dual interlocking feature and through the deeper standoffs.

Modular, right angle version

- > Form changes on X-284052-X
- > Housing material changed from PA 66 to High Temperature Polyamide

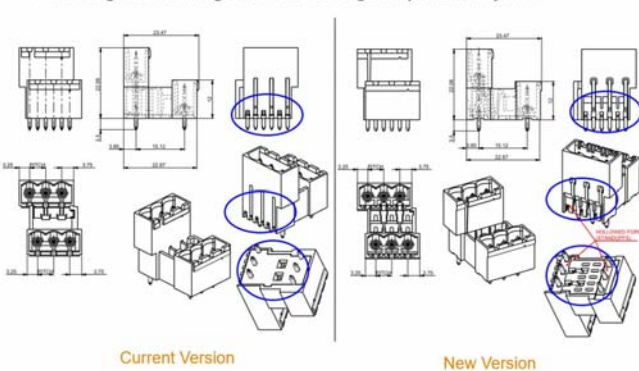

TE Connectivity Confidential & Proprietary. Do not reproduce or distribute.

Polarized Straight version

- > Form changes on X-284065-X
- > Housing material changed from PA 66 to High Temperature Polyamide

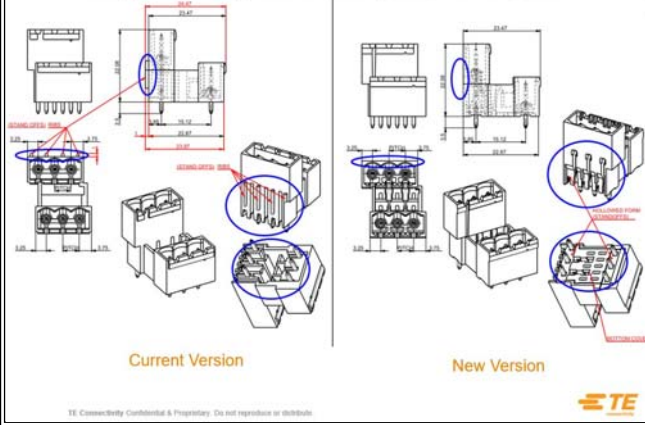

TE Connectivity Confidential & Proprietary. Do not reproduce or distribute.

Polarized Straight version

- Form changes on X-1776165-X
- Housing material changed from PA 66 to High Temperature Polyamide

Reason for Changes:

Product Improvement. New Mold tool, product improvement in housing dual interlocking feature and improved standoff design(hollowed form) and reflow capable plastic material. For order from 3rd Feb 2020, new version parts will be shipped

Estimated Dates:

Last Order Date (Obsolete Parts Only):	First Date To Ship (Changed Parts Only):
	10-FEB-2020
Last Ship Date (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):
	No Mixed Shipments
