Product Change Notification: E-14-016452

PCN Date: 22-NOV-14

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

Control of terminal for use in housings. Add chamfer to roll

Description of Changes

Dimensional control of terminal for use in housings. Add chamfer to rolls of 63963 and add toleranced dimension to 63009, 63010, and 63445 roll height. Does NOT shift nominal for any reduction of performance in any application.

Reason for Changes:

Customer Request. These terminals are being used in housings. The chamfer will help keep the terminal from snagging on the housing latch. The roll height dimensioning will control the terminal to a size that will be retained properly by the housing latches. Will not change fit of installed product. Will not create any reduction of function in any known application.
