3M Electronic Solutions Division Customers**

Product Discontinuance

The 3M Screw Machine Socket product line is being discontinued. Your help in managing the end of life of these products is appreciated relative to timely inventory returns and last time buys.

At this time 3M is encouraging and supporting all orders for these items through October 31, 2008.

It is important to follow up with any customer that 3M has a contract that extends beyond the effective discontinuation date to ensure that a last time buy offer is effectively communicated to them and to make sure that we do not include this offering in any renewed or new contracts.

Your support and cooperation relative to this product discontinuance is highly appreciated.

Reason of Discontinuance

The combination of low demand and high cost is the reason for discontinuing the product line.

Return Policy

3M will accept returns through August 31, 2008. No returns will be accepted after this date.

Last Time Buy

3M will accept orders through October 31, 2008. In July 2008, new pricing and MOQs will go into effect.

Last Shipping Date

3M's intention is to ship all orders by November 28, 2008. This is subject to change based on the actual demand for these products relative to the last time buy date.

Specification Drawings:

- 3M DIP Socket 100 Series - TS-2115-C.pdf
- 3M PGA Socket 200 Series - TS-2116-03.pdf
- 3M SIP Socket 300 Series - TS-2117-03.pdf
- 3M DIP Socket 400 Series - TS-2118-B.pdf
- 3M SIP Socket 500 Series - TS-2119-03.pdf

These specification sheets will be modified to reflect the product discontinuance.

Product Discontinuance: 3M™ Screw Machine Sockets

Replacement Product

No replacement product is available from 3M. A competitive cross reference will be supplied upon request beginning in September 2008.
