

PCN - 13 115

Issue Date: November 12 2013

Product Name:	Minitek			
	Minitek Unshrouded Single Row			
Product Manager:	Franck CHAPOUILLY			
Subject:	Notification of Planned Change			
Distribution:	GLOBAL			
Type of Change:	Process Change			
Change Description:	FCI will be implementing a new assembly machine, Along with this new piece of equipment, plating will change from full Gold and/or GXT plating to a selective duplex GXT plating.			
Reason for Change:	The new assembly machine will allow FCI to improve its lead-time due to an increase in machine output and yield. With the change to selective plating, current pricing levels can be maintained while managing the volatile fluctuations in market pricing of precious metals.			
Affected Parts:	3 Series : 10021507 ; 95000 ; 91269			
Effective Date of Change:	January	31	2014	<i>Special Note: For EOL PCN's, if no last time buy orders are received within 180 days after issue date, FCI reserves the right to terminate production at any time at its discretion. MOQ and lead time will be negotiated at time of order placement and will be dependent upon material availability. FCI will make every effort to meet customer order requests. Orders placed within the 180-day window, and subsequently cancelled, will be subject to cancellation charges.</i>
Last Time Buy Date:	N/A	N/A	N/A
