

Date: January 13, 2021
To: Bussmann series customers
Subject: End-of-life notification

Dear valued customer:

Effective dating back to July 1, 2020, the products on the following pages are obsolete. This is an effort to clean up several product families that had parts with modern replacements and were announced on prior EOLs, or parts that were being sold in low volumes and do not justify continued production. This obsolescence will allow us to be more efficient with our production lines and allow us to focus on delivery.

Any existing inventory is saleable product and should not be returned.

There may be available substitutes in some applications. Please refer to our product cross reference, <https://crossreferencetool.cooperbussmann.com/>, or contact our Application Engineering team by email at FuseTech@Eaton.com for help in selecting a suitable substitute for your application.

If you have any questions about this end-of-life notice, please contact your local Bussmann series products sales representative.

Kind regards,

AJ Johnson
Product Manager
Bussmann series solutions
