

Product Obsolescence Notification

PCN # 10494869

Obsolescence with replacement

To: All active Customers
From: Niki Taylor niki.taylor@molex.com
Global Product Manager, KK®
Date March 1, 2011

Subject:

KK® terminal series 7879 terminal plating change: obsoleting tin over copper plating and replacing with tin over nickel plating

Nature of Change:

As part of our Continuous Improvement Process, our KK terminal series 7879 will convert from tin over copper plating to a tin over nickel

Impact of change and risk analysis

No risk as superior plating will be implemented.
