Reason: Low demand

Description: Due to the low demand for the PCM20 family of phase change materials, T-Global have taken the decision to obsolete this range of products in favour of our existing V833/838 range. If you have any concerns regarding the replacement materials or require more information, please do not hesitate to contact us at sales@tglobaltechnology.com.

Last Buy: 31st December 2022

Approved By: Duncan Bell, General Manager
