

TALLYSMAN®

A CALIAN COMPANY

Date of Issue: November 10, 2020

Dear Valued Customer,

This letter serves as formal notice that Tallysman Wireless has discontinued the following helical antennas: 33-HC975-28 and 33-HC975-38 as of November 30th, 2020. Our intention is to accept orders of these products until the discontinuation date and afterwards until all stock is depleted.

These models have been replaced by the Tallysman Wireless model numbers: 33-HC977-28 and the 33-HC977-35. The replacement models are fully compatible with the discontinued products and additionally support GLONASS G2 signals.

Discontinued Part #	Replacement Part #
33-HC975-28	33-HC977-28
33-HC975-35	33-HC977-35

We regret any inconvenience this may have caused, and we look forward to meeting all your future precision GNSS antenna needs.

Please contact Tallysman Wireless if you have any additional questions.

Best Regards

Ken MacLeod
