Description of change:	<p>PCN is to inform about introduction of 2nd source memory for our Cinterion® PLS62-W Rel.1 module.</p> <p>DRAM memory product vendor announced PCN from beginning of 2022. DRAM vendor will provide new MID (Manufacturer ID) consequently.</p> <p>According to the product's datasheet, this 2nd memory source will not change the original memory functions and performances at all, and the customer's module design will not be affected. Thales technical team qualified the new memory source successfully.</p> <p>To be compatible with this 2nd memory source, the software of Thales' modules will have a minor adaption to identify the new memory MID. Thales will introduce the new FW to the above product listed.</p> <p>The new software application string is:</p> <p style="text-align: center;">SVN 05 Rev 02.013 ARN 01.000.15</p> <p>The new FW has been certified with GCF/PTCRB/AT&T approvals.</p> <p>No regulatory certification update required.</p> <p>If there are further questions, our FAE team who offers comprehensive customer support, should be contacted.</p>
Schedule details:	CW/YEAR
Availability of SW for evaluation:	CW41/2022
Availability of modules ex THALES DIS AIS Deutschland warehouse:	CW48/2022

Timing note:	If THALES DIS AIS Deutschland GmbH does not receive a notification to the contrary within a period of 6 weeks, THALES DIS AIS Deutschland GmbH assumes that the customer agrees to the change.
---------------------	--

Quality assurance measurements:	The new version fulfils all internal test requirements according to our Quality Management process and philosophy.
