Protect It! 6-Outlet Surge Protector, 6 ft. Cord, Right-Angle Plug, Side-Mount Switch, 1440 Joules, Tel/Modem Protection, Black Housing

MODEL NUMBER: **TLP606SSTELB**

Safeguard your workstation or home electronics against surges, spikes and line noise. Ideal for protecting your computer, printer, scanner, external hard drive, telecommunication devices and other sensitive electronics.

Description

Perfect for your home or office workstation, the TLP606SSTELB Protect It! 6-Outlet Surge Protector features a surge suppression rating of 1440 joules to defend your sensitive electronic components against strong surges and spikes. In fact, Tripp Lite will repair or replace any connected equipment damaged by surges, including direct lightning strikes, up to $75,000 for life (valid in the U.S., Canada and Puerto Rico only).

The TLP606SSTELB includes full normal mode (H-N) and common mode (N-G/H-G) line surge suppression, as well as technology that filters out disruptive EMI/RFI line noise, preventing interference from disrupting your electronics and inflicting damage. A large clear acrylic edge lights up green to indicate protection status. Not only is it easy to see at a distance or under a desk, but it also protects the side-mounted on/off switch against accidental shutoff.

Your computer and peripherals plug into six NEMA 5-15R outlets, including one designed to accept bulky transformers without blocking adjacent outlets. Built-in RJ11 jacks provide complete surge protection for single-line modem, fax or telephone connection. Integrated 15-amp circuit breaker protects all outlets against dangerous overloads.

A right-angle NEMA 5-15P plug on the six-foot AC power cord allows furniture and equipment to be moved flush against the wall to save space in your workstation. Keyhole slots on the bottom panel provide convenient wall or desk mounting options.

Highlights

- 6 NEMA 5-15R outlets, including one for bulky transformers
- Surge suppression rating of 1440 joules
- Built-in RJ11 jacks protect modem, fax and phone connection
- Side-mounted on/off switch prevents accidental shutoff
- Large LED protection indicator easy to see from a distance

Package Includes

- TLP606SSTELB Protect It! 6-Outlet Surge Protector
- Telephone cable, 6 ft.
- Owner's manual
