EOL announcement of Toshiba Micro-Controller ICs TMP91FW27UG(xxx)

Dear customer:

Toshiba introduced micro-controller ICs TMP91FW27UG(xxx) for numbers of years and they reach the End of Life (EOL) status. As a result, all TMP91FW27UG(xxx) will be obsoleted immediately without any replacements. Toshiba thanks you for the business and seeks your kind understanding and supporting on this matter.

Yours sincerely

Alan Li
