

# SEK-18 SV MA STD ANGWW 34P PL3

| Part number        | 09 18 534 7926                      |
|--------------------|-------------------------------------|
| Specification      | SEK-18 SV MA STD ANGWW 34P PL3      |
| HARTING eCatalogue | https://b2b.harting.com/09185347926 |

## Identification

| Category                   | Connectors     |
|----------------------------|----------------|
| Series                     | SEK Standard   |
| Element                    | Male connector |
| Description of the contact | Angled         |

### Version

| Termination method | Wrap termination |
|--------------------|------------------|
| Connection type    | PCB to cable     |
| Number of contacts | 34               |
| Termination length | 15 mm            |

## Technical characteristics

| Dimensions wire wrap post          | 0.6 x 0.6 mm              |
|------------------------------------|---------------------------|
| Contact rows                       | 2                         |
| Contact spacing (termination side) | 2.54 mm                   |
| Rated current                      | 1 A                       |
| Insulation resistance              | >10 <sup>9</sup> Ω        |
| Contact resistance                 | ≤20 mΩ                    |
| Limiting temperature               | -55 +125 °C               |
| Performance level                  | 3<br>acc. to IEC 60603-13 |
| Mating cycles                      | ≥50                       |
| Test voltage U <sub>r.m.s.</sub>   | 1 kV                      |

This product is not orderable anymore. Contact your local distribution partner for alternatives.

## Technical characteristics

| Isolation group | IIIa (175 ≤ CTI < 400) |
|-----------------|------------------------|
| 3               |                        |

# Material properties

| Material (insert)                         | Thermoplastic resin (PBT)                                   |
|---|---|
| Colour (insert)                           | Grey  |
| Material (contacts)                       | Copper alloy  |
| Surface (contacts)                        | Noble metal over Ni Mating side Sn over Ni Termination side |
| Material flammability class acc. to UL 94 | V-0   |
| RoHS                                      | compliant   |
| ELV status                                | compliant   |
| China RoHS                                | е   |
| REACH Annex XVII substances               | No  |
| REACH ANNEX XIV substances                | No  |
| REACH SVHC substances                     | No  |
| California Proposition 65 substances      | Yes   |
| California Proposition 65 substances      | Nickel Lead Antimony trioxide                               |

# Specifications and approvals

| Specifications         | IEC 60603-13   |
|------------------------|--|
| UL / CSA               | UL 1977 ECBT2.E102079<br>CSA-C22.2 No. 182.3 ECBT8.E102079 |
| Railway classification | F3/I3  |

## Commercial data

| Packaging size                 | 50                                       |
|--------------------------------|--|
| Net weight                     | 16.02 g                                  |
| Country of origin              | Switzerland                              |
| European customs tariff number | 85366990                                 |
| eCl@ss                         | 27460201 PCB connector (board connector) |

### **Pushing Performance**

#### Current carrying capacity

The current carrying capacity of the connectors is limited by the thermal load capability of the contact element material including the connections and the insulating parts. The derating curve is therefore valid for currents which flow constantly (non-intermittent) through each contact element of the connector evenly, without exceeding the allowed maximum temperature.

Measuring and testing techniques acc. to IEC 60512-5-2

- ① Temperature raise
- ② Derating curve
- 3 Derating curve 80%

### Cross section of solder termination
