<b>Product:</b>	Metral High Speed 3000-series		<b>Part Numbers Concerned:</b>	See attached list
<b>Product Manager:</b>	J. Wintjes		<b>Issue Date:</b>	21 Mar, 2009
			<b>Page(s):</b>	1/1
<b>Distribution:</b>	GLOBAL			

**Subject:**

Strengthening service levels for Metral 3000 system (8x5).

**Nature of Change:**

Following market demand development, we will strengthen our position in Metral High Speed System 3000 through focus on 8 Row designs (8x5 pair). Subsequently 6 Row products (6x5 pair) will be withdrawn from the market. The 40 pair system will receive maximum focus by offering those options which go with recent market requirements. Non-prevalled options will be withdrawn from the market.

**Implementation Date:**

- 6x5 pair system will be phased out asap but not later than Dec 31, 2009.
- Withdrawal of part numbers addressing non prevailed options in 8x5 system will be done by Dec 31, 2009 or earlier as market circumstances allow.
- Distributor returns for end-of-life items will be taken till Jun 30, 2009.

**Affected Part Numbers:**

See attached list

**Alternative Products:**

Functionality will be offered through Airmax® VS or Zipline™. Products with equal footprint or mating face to Metral 3000 (5x6) are not available.

**Action Required:** Please inform customers, advise on alternatives and where necessary point out last time buy option

**For questions regarding this PCN contact:**

Your local FCI sales representative and/ or account manager will be available to take questions and provide additional information upon request
